

OUR SERVICES - Ō MĀTOU RATONGA

We provide de-sexing of small animals, surgical procedures, health checks, vaccinations, parasite control treatments and livestock care to as many animals as we can reach during a community clinic and remote village/field locations.

South Pacific Animal Welfare (SPAW) offers quality and rewarding volunteer opportunities for qualified, experienced veterinarians and veterinary nurses from all around the world.

It is our goal that by being present and fostering positive animal welfare activities, over time people will display higher levels of compassion for all animals.

OUR FUTURE - TE TIROHANGA WHAKAMUA
